Rushikesh Jadhav

FRONT-END DEVELOPER

Email: j.rushikesh013@gmail.com | Phone: 8485050671

LinkedIn | Portfolio | GitHub

CAREER OBJECTIVE

Frontend Developer with **3+ years of experience** specializing in **React, HTML, CSS, JavaScript,** and responsive web development. Proven track record of building high-performance e-commerce platforms for brands like MAX and ASOS, optimizing UX, and delivering clean, scalable code. Adept at collaborating in agile environments and integrating with backend systems like MongoDB. Passionate about crafting seamless digital experiences through innovative frontend solutions.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Context API
- Styling: CSS Modules, Sass, Tailwind CSS, Styled-components
- Tools: Git, Webpack, NPM / yarn, VS Code, Chrome Dev Tools

PROFESSIONAL EXPERIANCE

Infinity Data Technologies Pvt Ltd, Mumbai

Frontend Developer

2022 - Present

- Developed and maintained dynamic, responsive web applications using **HTML5, CSS3, JavaScript**, and **React.js.**
- Translated UI/UX designs into pixel-perfect, interactive front-end components.
- Built reusable React components and optimized code using **React Hooks**, ensuring scalability and maintainability.
- Collaborated closely with backend developers and designers to integrate APIs and **improve user experience.**
- **Enhanced performance and accessibility** of web applications across various browsers and devices.
- Participated in code reviews, **version control (Git)**, and **Agile development** practices for efficient project delivery.
- Using **Git** for version control and collaborating with team members on feature development.
- Troubleshot and debugged front-end issues to ensure seamless user interactions.
- Improving **SEO** and **accessibility** by following semantic **HTML** and **WCAG** standards.

PROJECTS

Project: Max Fashion E-Commerce Platform
Domain: Online Shopping (Fashion Retail)
Client: Max (A Lifestyle India Pvt. Ltd. Venture)

- 🛍️**Project Description :** Max Online Shopping Platform Domain: E-commerce | Client: Max Fashion Description: Max Fashion, a leading retail brand that began in the UAE in 2004 and expanded to India in 2006 under Lifestyle India Pvt. Ltd., has grown to over 200 stores across 80 cities. As part of its digital transformation, we developed a modern, scalable e-commerce platform that brings Max's vast selection of clothing, footwear, and accessories online. The platform delivers a smooth, responsive shopping experience designed to match the brand's in-store excellence and cater to its rapidly growing digital customer base.

Project: ASOS Online Fashion Store
Domain: E-commerce **| Client:** ASOS

- 🛍️ **Project Description :** Built a modern and responsive e-commerce platform for ASOS, a global leader in online fashion retail. The platform offers a seamless shopping experience for clothing, footwear, accessories, and beauty products, tailored to a diverse, trend-conscious audience. With optimized performance, intuitive navigation, and real-time product updates, the solution enhanced user engagement, increased mobile conversions, and delivered a smooth, high-end digital shopping experience aligned with ASOS's brand identity.
